Mr. William Bohnhoff, Vice President
Invisible Structures, Inc.
14740-D East 33rd Place
Aurora, CO 80011

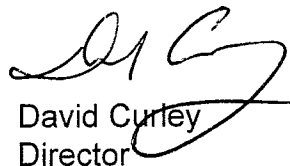

Dear Mr. Bohnhoff:

As you are aware, the Town of Barnstable Recreation Division recently has purchased several of the BeachRing mats from your company. We have placed the mats at approximately 10 of our local beaches.

These mats have provided a much needed service for the handicapped in our Town. They not only allow wheelchairs access to the beach, but people with walkers and canes are now able to reach the water. The residents of this Town have been calling our department with rave reviews of the mats.

At this time, I would like to thank Invisible Structures and its staff for the product and the pleasant, efficient service.

Very truly yours,

David Curley
Director
